## WORK HISTORY

### Great Wolf Resorts May 2023 - Present
Corporate Headquarters, Chicago, IL

**Digital Architect**

Practice Leadership
- Manage software engineers from junior to senior levels.

Birthday Party Booking Engine
- Consult with group sales leadership to identify points where the birthday booking process could be improved.
- Mock web service endpoints to allow front-end and backend developers to work side-by-side.
- Design time-slot availability and payment rest web services.
- Present stories to developers in grooming sessions to gather feedback and estimate stories with story points.

Night Owl: Night Audit Automation
-Designed a night audit automation solution for 9 critical bookkeeping processes that run nightly.
-Developed the prototype with a team of two developers and four IT specialists using Azure Functions, Azure Logic Apps, Microsoft Teams and Sharepoint.
-Scaled the solution to 22 resort locations across the country.
-Provided a turn-key solution for the IT department to manage for 200+ team members.

Great Wolf Digital Wiki Redesign
- Reviewed 100+ pages of documentation that were added to the wiki.
- Devised a hierarchy to organize all our documentation.
- Moved and relinked all stories with an Epic, Feature and Story approach.

## Kin + Carta
### Formerly Solstice Consulting

**August 2021 - May 2023**

Chicago, IL

**Principal Technical Architect**

<u>Practice Leadership</u>
- Managed software engineers from junior to senior levels.

<u>US Foods - Ecommerce Modernization</u>
- Assisted software architects with backend web services, DevOps and database query optimization.
- Improved REST web service performance using Spring Boot, Kafka and Nest.JS Web Service framework.

<u>Lippert Components - Tech Support Platform</u>
- Gathered requirements from key stakeholders and submitted our design and architecture plans.
- Established DevOps for our Agile board, source code management and CI/CD enabled deployments.

<u>Trimble, Inc. - Content Management and Search Modernization</u>
- Led Algolia Search implementation for Trimble.com, product websites and internal career website.
- Worked with customer, creative and UX teams to refine Miro wireframes to optimize the user experiences.
